Spirometry Refresher
with access to ARTP assessment

Delivery:

Pre-recorded webinar supported with monthly Q&A sessions

Date: Ongoing enrolment

Course content:

This course has been designed for learners who have spirometry experience but are not currently on the ARTP Register. These learners need to refresh their knowledge around spirometry and complete their ARTP accreditation.

The course consists of:

- A pre-recorded lecture which will enable you to learn at a pace and time that is suitable for you;
- A live Q&A webinar every month which will provide you with opportunity to ask questions to a clinical expert as well as share practice with your peers;
- Access to the ARTP assessment process. Our team will support you to prepare for the assessment and assist you with the process. The cost of accreditation is included in the course.

By undertaking this course, the learner will be able to:

- Identify the guidelines which need to be used in spirometry;
- Identify the elements needed to undertake quality assured spirometry;
- Build on knowledge around interpretation.

Other spirometry learning available:

New to Spirometry? We recommend you look at our **Spirometry Interactive Blended Online Learning course** (with or without ARTP assessment access) packed with podcasts, eLearning and monthly tutor sessions for those who are new to the topic.

Experienced, on the ARTP Register, but want to refresh and check your knowledge before completing annual declaration of competency? We recommend you look at our **Spirometry Update** - a pre-recorded lecture to refresh your knowledge and a check your knowledge assessment to help you feel confident in your knowledge before you apply directly to the ARTP for Recertification.
