

5.2 Schedule for curriculum development

Education for Health Guidelines

- 1 Proposals for new modules and programmes are considered on an individual basis in discussion with the relevant accrediting body.
- 2 Start dates for enrollment onto new modules or programmes will be agreed on an individual basis and will be dependent upon resources required to develop learning materials, recruit trainers and markers and commissioner requirements.
- 3 Major changes to existing modules and programmes should be approved in time for inclusion in the Annual Module report. Major changes cannot come into effect prior to approval from the relevant accredited body being obtained. Implementation of major changes will be the responsibility of the relevant Module Review Committee.
- 4 Minor changes to existing modules and programmes can be made at any time following agreement from the Academic Standards Committee and/or Teaching and Learning Committee. Implementation of minor changes will be the responsibility of the relevant Module Review Committee. All minor changes must be reported as part of the Annual Module reporting process.
