

**External Examiner required for MSc Respiratory Practice/ MSc Long Term Conditions/ range of postgraduate certificates and stand-alone Modules level 7 at Education for Health - (Warwick) validated by the University of Hertfordshire.**

Education for Health – We are a Long-term conditions charity who are delivering a range of postgraduate master’s courses and level 7 modules. We currently require a Programme and Module external examiner for the courses which are validated by the School of Health and Social Work at the University of Hertfordshire as part of continuing professional development for healthcare professionals.

The external examiner will be expected to monitor the quality of the coursework across the courses below:

- MSc Long Term Conditions
- MSc Respiratory Practice
- PGCert Diabetes Care
- PG Cert Respiratory Practice
- PG Cert Learning and Teaching in Clinical Practice

Level 7 Modules

- Enhancing the Diagnostic and Management of Respiratory Disease
- Respiratory Assessment and Examination
- Diabetes Reducing Cardiovascular Risk
- Diabetes Improving Glycaemic Control
- Heart Failure – Beyond the Basics
- Respiratory Diagnostics
- Strategies for Assessment and Feedback to Support Clinical Care
- Dissertation
- Leadership for Quality Improvement in Long Term Conditions
- NIV and Respiratory Failure
- Negotiated Learning 1
- Negotiated Learning 2
- Ethical Issues in Long Term Conditions
- Research Applied to Practice
- Heart Failure – Beyond the Basics
- NIV and Respiratory Failure
- Transforming Dementia care
- Frailty as a long-term condition
- Applying Learning Theories
- Optimising Atrial Fibrillation and Stroke Management as a Long-Term Condition

- Optimising Pain Management

We are seeking candidates whose areas of expertise would enable them to monitor the quality of these courses and externally moderate assessed work. The University requests that external examiners attend examination boards wherever possible ( currently these are virtual ) , and in the case of unavoidable absence then the approval of board outcomes are confirmed as soon as possible to enable students to receive their results. You will also be expected to complete an annual report. External examiners are also required to provide comments on proposed modifications and the development of new courses within their area of expertise.

The post is for an initial period of 4 years, starting in 2023-2027
