

## Welcome!

We are delighted to welcome you to your Spirometry Update Programme.

At Education for Health, our aim is to improve the lives of those with long term conditions. We believe one way to achieve this is by providing further education and training to healthcare professionals, ensuring you have the most up-to-date knowledge and knowhow.

This update programme is designed to suit the learning needs of busy healthcare professionals. As part of this approach, you will have access to a pre-recorded lecture, the national spirometry guidelines, and a knowledge check. Therefore, providing you with the flexibility to learn at a pace that is suitable for you in your own environment.

The following pack has been designed to provide you with an overview of the course and the steps you need to undertake to access the content.

We hope you find this programme useful – both in helping you progress professionally and in aiding you to further support your patients.

We wish you all the best and remember, we are here to support you throughout, so do get in touch if you have a query or need extra support at any point.

Best wishes,

The team at Education for Health (EfH)

## Your programme

Your programme consists of:

- A spirometry update session: This is a pre-recorded lecture hosted by a clinical expert
- Access to national spirometry guidelines
- A Knowledge Check: Which you can use to check your understanding of spirometry

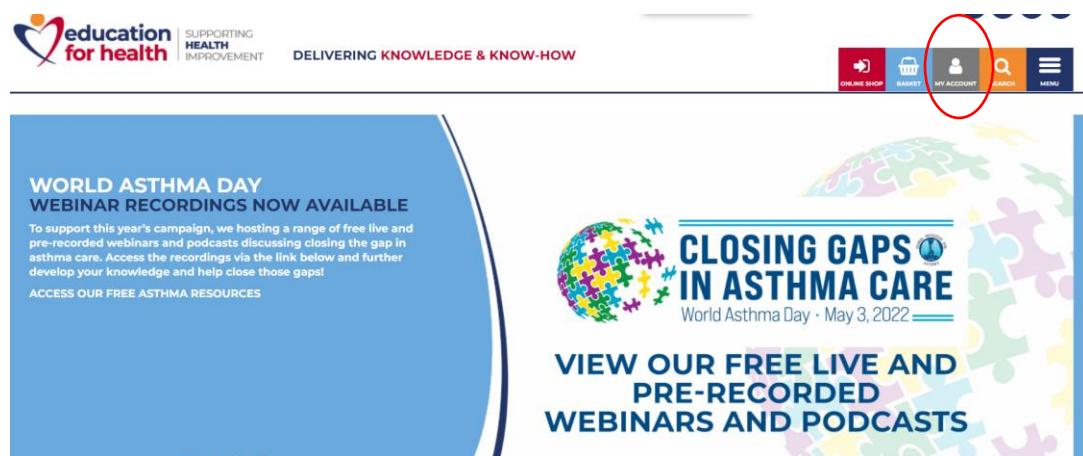

As a first step please work through your pre-recorded lecture, using the guidelines to support your learning. Once you have completed the pre-recorded lecture, you can then test your knowledge by undertaking the knowledge check. Once you have successfully completed your knowledge check, you can then download your certificate.

You have six months access to this programme, so you can refer to the pre-recorded lecture or guidelines at any point and as many times as you would like during this period.

## Getting Started: How do I access the training?

### Accessing your eLearning

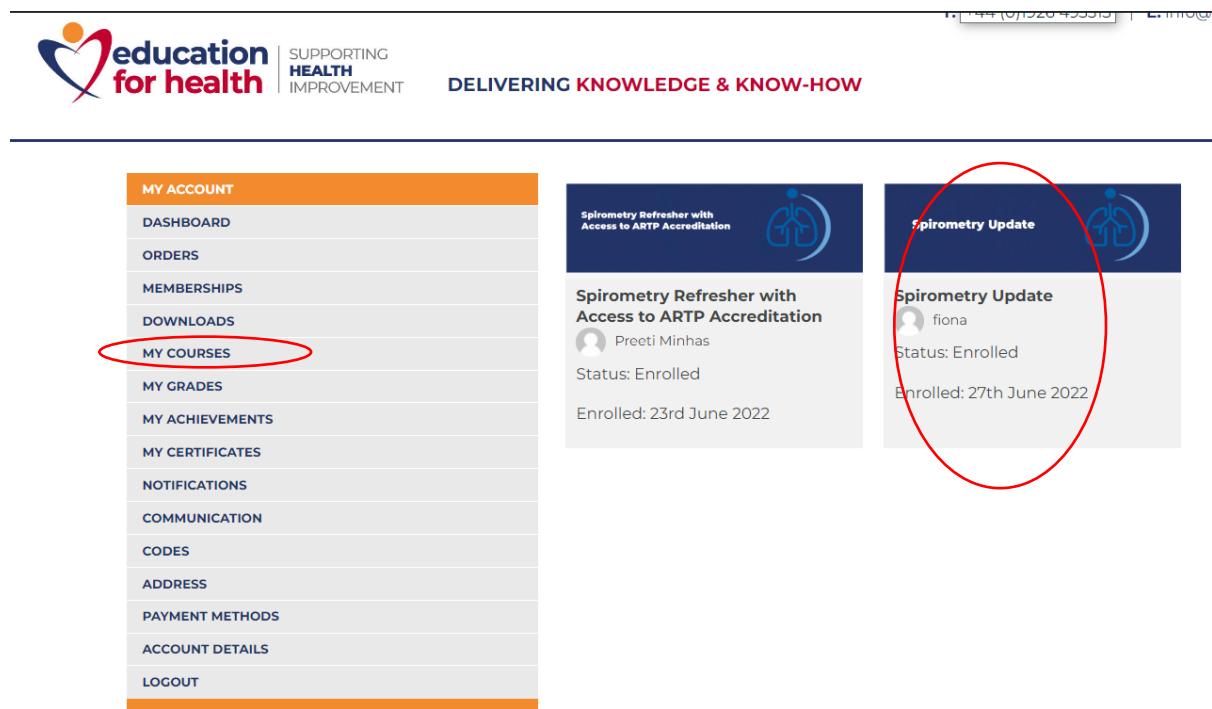

In order to access your eLearning, please click on [www.educationforhealth.org](http://www.educationforhealth.org), then click on my account and enter your log in details.

The screenshot shows the top navigation bar of the Education for Health website. The bar includes the logo, the tagline "SUPPORTING HEALTH IMPROVEMENT", and the slogan "DELIVERING KNOWLEDGE & KNOW-HOW". On the right side of the bar are five menu items: "ONLINE SHOP", "BASKET", "MY ACCOUNT" (which is circled in red), "SEARCH", and "MENU". Below the navigation bar is a large blue banner for "WORLD ASTHMA DAY WEBINAR RECORDINGS NOW AVAILABLE". The banner text encourages users to support the campaign by hosting webinars and podcasts. It also mentions "ACCESS OUR FREE ASTHMA RESOURCES". To the right of the banner is another section titled "CLOSING GAPS IN ASTHMA CARE" for "World Asthma Day - May 3, 2022", featuring a colorful puzzle piece globe graphic.

Once logged in, please click on my courses located on the left-hand side of the screen. Your spirometry update programme will appear. You can then click on the programme and begin your learning.

The screenshot shows the 'DELIVERING KNOWLEDGE & KNOW-HOW' section of the platform. On the left, there's a sidebar with a red circle around the 'MY COURSES' link. To the right, two course cards are displayed. The first card is for 'Spirometry Refresher with Access to ARTP Accreditation' by Preeti Minhas, with a status of 'Enrolled' and an enrollment date of '23rd June 2022'. The second card is for 'Spirometry Update' by fiona, with a status of 'Enrolled' and an enrollment date of '27th June 2022'. A red circle highlights the 'Spirometry Update' card.
